

**Clinical Assistant Professor of Biology
Department of Ecology, Evolution, and Organismal Biology**

Kennesaw State University is now accepting applications for a nine-month, non-tenure track Clinical Assistant Professor of Biology faculty position in the Department of Ecology, Evolution, and Organismal Biology beginning January 2021.

The major responsibility of the position is to serve as a departmental coordinator for the organismal introductory biology course and laboratory at the University. Coordinator responsibilities include taking a leadership role in curricular, instructional, and assessment decisions related to the courses and serving as a support to full time and part time faculty members and graduate student teaching assistants. Additional responsibilities include teaching the coordinated lecture and lab courses each semester and engaging in service to the Department, University, and/or the general and professional communities.

The minimum qualification is an earned doctorate in organismal, ecological, or evolutionary biology or a related field from an accredited institution or its foreign equivalent. Candidates for this position must demonstrate a strong commitment to undergraduate teaching and student success and have experience teaching an introductory level biology course that focuses on organismal, ecological, and evolutionary biology.

The ideal candidate will have experience, or will demonstrate the potential for, working collaboratively with faculty and mentoring students from a wide range of disciplines, cultures, and academic backgrounds. Candidates with leadership experiences are encouraged to apply. Successful applicants will be strongly committed to inclusive teaching practices and student success and be ready to invest deeply in KSU students.

For more than 50 years, Kennesaw State University has been known for its entrepreneurial spirit and sense of community. Offering campuses in Marietta and Kennesaw, the university is located just north of Atlanta and combines a suburban setting with access to one of the country's most dynamic cities. As Georgia's third-largest university, Kennesaw State offers more than 100 undergraduate and graduate degrees, including a growing number of doctoral programs. Designated by the Board of Regents of the University System of Georgia as a comprehensive university, Kennesaw State is committed to becoming a world-class academic institution positioned to broaden its academic and research missions and expand its scope on a local, regional and national level.
